SHEILA J. POOLE
Commissioner

November 12, 2020

Dear Chief Executive Officer,

Thank you for submitting Broome County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2020-2021. Your entire STSJP plan, including any amounts listed for PY 2020-2021 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2021, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2020 to September 30, 2021. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

4. Describe who will be responsible for collecting and submitting STSJP data for joint-funded programs:

B. Municipality Level Analysis

1. (a) Identify communities or neighborhoods from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; then (b) Discuss what factors may be contributing to these high numbers:

Broome County is located in the Southern Tier of New York covering apx. 716 square miles; it consists of a mix of urban, suburban and rural areas. Broome County's population was reported as 200,600 in the 2010 census and has declined every year since then. The Census Bureau estimates the 2019 population at 190,488. The major urban areas

of Broome County are Binghamton (pop. 44,399), Johnson City (pop. 14,161) and Endicott (pop 12,532). The zip codes that are most prevalent in the Juvenile Justice Population of Broome County are Binghamton zip codes 13901 and 13905, followed by Johnson City which is 13790 and Endicott which is 13760. The crime rates for both juveniles and adults is higher in these urban centers than in the rest of the County. Binghamton's crime rate is higher than the state and national averages for cities of the same size. Broome County's poverty and unemployment rates are both higher than the state and national averages. Interestingly, the rate of disability for persons under the age of 65 in Broome County is also significantly higher than both the state and national averages; the urban centers of Broome County also experience a disability rate that is much higher than the rest of the county. All of these factors combine to produce a juvenile population in these areas that face uncertainty and instability. The population of these urban areas are often transient and move between these zip codes changing school districts as they do. On a daily basis, families and youth in the zip codes deal with issues such as housing instability, high crime rates, poverty, hunger, lack of jobs, substandard housing, gang activity, lack of transportation and lack of services. Youth from these areas are impacted by a lack of a sense of security in their everyday lives and a fear that basic needs are not going to be met. These youth often lack familial stability and positive role models.

2. (a) Compare the racial/ethnic distributions among your local system's detention and/or residential placements with the racial/ethnic distributions in your municipality's general population; then (b) Discuss any racial/ethnic disparities you identified and how this plan will address the disparities:

(a) Broome County's overall racial/ethnic distributions differ significantly from state and national averages indicating that Broome is, overall, less racially/ethnically diverse than other areas of the state and nation. That disparity is further highlighted by our Juvenile Justice involved youth. According to Broome County's DCJS Profile (which has not been updated since the last plan), the juvenile population in 2017 was 18,724 with 78% White, 10% Black, 8% Hispanic and 4% Asian or Pacific Islander (non-Hispanic). While the detention rate for Black youth dropped from 2014 to 2018 to a rate of 41%, it remains high given the make-up of the population. The number of Broome County Hispanic youth placed in detention also experienced a drop from 27% (2014) to 11% (2018), which is more in line with Broome County's juvenile population make up.

Racial disparity is evidenced throughout the process as a youth enters and moves through the Juvenile Justice System in Broome County. The rate of Probation Intakes opened in 2018 for Black youth in Broome County was 36% and 8% for Hispanic youth. The rate of Probation Cases opened in 2018 for Black youth was 41% and 9% for Hispanic youth. The rate of JD Probation Violations filed in 2018 in Broome County for Black youth was 56% and 8% for Hispanic youth.

(b) DAASP will track zip codes prior to a youth's involvement with juvenile justice. They will also track the race and ethnicity of the youth who participate in the program. DAASP will prioritize youth at greatest risk of detention and will insure all services are provided in a culturally sensitive, strength-based and trauma informed manner. The disparity of youth referred to DAASP is anticipated to be in-line with the disparity that exists through Broome County's Juvenile Justice System. DAASP staff are trained in cultural competency and uses Restorative Justice Practices. Any new staff that DAASP may hire will receive training in both cultural competency and restorative justice.

C. Local Collaboration

1. STSJP legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Due to the COVID-19 Pandemic, collaboration with stakeholders happened electronically.

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2020-2021:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

3. Please list the zip codes this program will target:
13901, 13905, 13903, 13790, 13760

4. Describe the program, including how it is family focused. If you answered "yes" to Q1 (FSS), be sure to demonstrate how your program meets the definition. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them.

DAASP will work with youth identified to be at the the highest risk of detention during the pendency of their case. Identification of appropriate youth will begin prior to referral by Probation and/or County Attorney staff. DAASP participants will receive programmatic support and services to insure they will attend court appearances, will not have additional arrests and will demonstrate an increased ability to deal with peer pressure, anger and a better understanding of consequences. DAASP participants will identify and address factors leading to their involvement in the Juvenile Justice System. DAASP staff will available at Family Court (either in person or virtually) for immediate referral to/engagement in the program.

DAASP provides structured components, which include educational curricula, life skills and self-esteem skills building, self-discipline skill development and creative expressions opportunities. It also includes community service projects and volunteer opportunities. DAASP seeks to engage families in their services in order to insure that needs are met and appropriate referrals are made if necessary.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What funding did this program receive in PY 2019-2020?
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total

			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP				12					12
STSJP-RTA									
Total				12					12

3. Based on the program's record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:

Based on the number of youth served as of 3/31/20, it is expected that the program will be under budgeted capacity on 9/30/2020. The expectation is that the program would have served somewhat more youth by 3/31/20, however that did not occur. Further, the anticipation is that the numbers will be significantly lower at the end of the PY due to the COVID-19 pandemic and related shutdowns. Due to COVID-19 shutdowns only the most serious charges filed against youth were brought to the court's attention for nearly 6 months which greatly reduced the number of youth referred to the program. Broome County has a significant backlog of JD/JO filings being dealt with at this time.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)		
STSJP				35.13				
STSJP-RTA								

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.

Average length of service is as expected and is in line with average lengths of stay during the same period.

6. Will this program's outcomes meet the PY 2019-2020 projected goals by 9/30/2020?

Yes (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2019-2020? (b) How will they be met?

Outcomes related to re-arrest, warrants, court appearances, detention remands, residential placement and program completion are on track to be met for PY 2019-2020.

8. (a) What outcomes are not on track to meet the goals set for PY 2019-2020? (b) Please describe any contributing barriers.

Anticipated number of youth served by this program is significantly less than what was desired for this program. COVID-19 represents an enormous barrier to this outcome. For a period of approximately 6 months, Broome County Family Court was only hearing the most serious charges and put many JD/JO filings on hold. There simply were not enough youth coming through the Juvenile Justice System to sustain this program. Further, families have been less willing to engage in services that might result in an increased risk of exposure to the Coronavirus.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2020-2021?

DAASP staff will attend virtual court hearings when a youth is identified as being appropriate for the program. The Probation Department and County Attorney's Office will insure that DAASP receives notice of and invitations to these hearings. DAASP will continue to insure that their facility is clean, sanitized and that social distancing and state & local ordinances regarding the use of face coverings, number of persons at any gathering, etc. are strictly

adhered to. As of this writing, Broome County has seen a significant uptick in community spread of Coronavirus - there are uncertainties as to how that might impact services in our community.
