Commissioner

April 15, 2022

Dear Chief Executive Officer,

Thank you for submitting Broome County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications Submitted Jointly by Two or More Counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. MUNICIPALITY LEVEL ANALYSIS

1. (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and (b) Discuss what factors may be contributing to these high numbers:
 - (a) Broome County is located in the Southern Tier of New York covering apx. 716 square miles; it consists of a mix of urban, suburban and rural areas. Broome County's population was reported as 200,600 in the 2010 census and has declined every year since then. The Census Bureau estimates the 2019 population at 190,488; 2020 Census data is not yet available. The major urban centers of Broome County are Binghamton (pop. 44399), Johnson City (pop. 14,161) and Endicott (pop. 12,532). The zip codes most prevalent in the Juvenile Justice Population in Broome County are Binghamton (13901, 13905), Johnson City (13790) and Endicott (13790).
 - (b) Crime rates for both juveniles and adults are higher in these urban centers than in the rest of the County. Binghamton's crime rates are both higher than the national averages. Broome County has a poverty rate of 17.8% overall, compared to New York's overall rate of 13.1%, making it the 5th most poverty stricken county in the State. In Broome County, 24.7% of children aged 17 and under live in poverty. The rate of disability (based on the number of individuals receiving SSI) in Broome County is significantly higher than both state and national averages; concentration of SSI recipients in the indicated zip codes is higher than in the rest of the County. The population of these zip codes are often transient and move between these zip codes changing school districts as they do. All of these factors combine to produce a juvenile population in these areas that face uncertainty and instability. On a daily basis, youth and families from these zip codes experience instability and uncertainty. The population of these urban areas deal with issues such as housing instability, high crime rates, poverty, hunger, no or under employment, substandard housing, gang activity, lack of transportation and lack of services. Youth from

these areas are impacted by a lack of a sense of security in their everyday lives and fear that basic needs are not going to be met. These youth often lack familial & community stability and positive role models.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	3,892	11%	10	40%	8	53%
White	28,597	78%	5	20%	6	40%
Native American/Alaskan	92	0%	0	0		
Asian/Pacific Islander	1440	4%	0	0		
Hispanic	2784	8%	1	4%	1	7%

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	19,133	52%	22	88%	14	93%
Female	17,672	48%	3	3%	1	7%

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Please note: 9 youth admitted to detention are listed as "unknown" in the race/ethnicity category representing 36% of detention admits. 1 youth admitted to placement is listed as "unknown" in the race/ethnicity category representing 7.5% of placement admits. With detention and placement admission numbers as low as listed above, the "unknowns" could sway disparity significantly.

Overall, there does not appear to be a disparity in Hispanic representation in detention, juvenile justice related placement or overall placement numbers (7%) in Broome County; the historic disparity has lessened over time to the point where none exists.

However, significant racial and gender disparities are noted between male and female youth and Black and White youth involved in juvenile justice related detention and foster care placement, especially when compared with Broome County's overall foster care placement numbers (Male 50% & Female 50%; 32% Black & 59% White).

The program will track zip codes prior to a youth's involvement with juvenile justice. They will track gender at birth, race and ethnicity for all participating youth.

The program will prioritize youth at greatest risk of repeated system contact, detention, placement, and re-offense, namely Black males, and will insure all services are provided in a culturally sensitive, strength based and trauma informed manner.

The disparity of youth referred to the program is expected to be in line with the disparity that exists throughout Broome County's Juvenile Justice System.

B. LOCAL COLLABORATION

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Due to continuing spread of Covid in our community, the STSJP plan was developed via electronic means including Zoom, phone calls and e-mail. Collaboration included Probation, County Attorney's Office, Detention, PINS/Juvenile Services, Mental Health and service providers. *** This amendment was drafted with significant input from our community partners after looking at our most recent placement and detention data.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Currently, Broome County gathers participant youth and family feedback through informal contacts with the same. Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. Broome County intends to begin a more formal process for gathering feedback from consumers, including facilitated group meetings with youth and targeted contacts with families.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes No

If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.

In addition to more formal feedback gathering from consumers, Broome County will begin the planning process earlier next year and will invite multiple representatives from the identified zip codes - including youth, families, community members, law enforcement, schools, and youth development programs and will use that feedback to inform programming and funding decisions.

C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes (If Yes, please provide their contact details below.)
 No (If No, skip to Q4.)

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. PROGRAM 1 DESCRIPTION AND TARGET POPULATION

1. A Family Support Service program (FSS) may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2021-2022. Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

<input checked="" type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Detention / Pre-Dispositional Placement (ATD / ATPDP)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Placement (ATP)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Reentry / Aftercare (R / A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

*Note: If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program.

3. Please list the ZIP codes this program will target:
13901, 13905, 13790, 13760

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

The program will place a greater focus on involving family/natural resources and the community in addressing the unique needs of each youth serviced under the contract. Program staff will be required to have frequent, in-person meetings with the youth and his/her natural supports in the family home and in the community. The program will develop a case plan for each youth referred in order to meet his/her immediate and future needs and will be expected to become experts on the services and supports available in each youth's community. The program will provide transportation as is needed for appointments, court hearings, etc. The program will maintain regular and frequent contact with the Probation Department, the Court and the Department of Social Services. For youth tracked as Alternative to Placement, the youth and family will have access to program staff 24 hours a day in order to address urgent or emergent situations.

For youth in the Early Intervention track, services will remain in place until risk of Juvenile Justice involvement has reduced, but no longer than 6 months. Youth and families will be assessed to determine if other, community-based, supports are appropriate and will be connected with those supports prior to program discharge.

For youth in the Alternative to Detention track, services will remain in place until the youth's case has been completed in family court. Youth leaving the program after ATD will have appropriate supports, services and referrals in place.

For youth in the Alternative to Placement track, services will remain in place for the duration of the youth's probation/court order. Youth leaving the program after ATP will have all necessary and appropriate services and supports in place prior to discharge.

For Youth in the Reentry/Aftercare track, the program will work in tandem with other aftercare providers to support the youth's successful reunification with family or independent living needs. The program will also be used to reduce a youth's length of stay in out of home placement. Program staff will assess needs and assist with establishing the youth with local medical/mental health/developmental service providers, reintegration into the youth's natural school environment or vocational training. Depending on the youth's age, the program may focus on independent living skills development and stable housing. The anticipated length of stay will vary with the terms of the youth's court order and needs.

Overall, Broome County seeks to reduce youth contact with the Juvenile Justice System. If contact occurs, Broome County intends to reduce reliance on detention for Juvenile Justice involved youth and provide the Court with a safe alternative to placement. Broome County further intends to reduce reliance on out of home placement for juvenile justice involved youth. This population is placed in high-level congregate settings nearly 100% of the time, as lower levels of care are unwilling to accept them. This program must accept all referred youth and work diligently to keep them out of placement. The program will develop supports within the youth's family and community in the event that there is some disruption in the youth's home environment so that the youth has options other than going into placement. ATP is not a service Broome County has historically had, so the program will work with Probation, the Department and the Family Court to insure that the program is seen as a viable and safe alternative to out of home placement. Finally, Broome County intends to use Re-entry/Aftercare services to complete the continuum of care for our Juvenile Justice involved youth, providing youth and families with an important and increased level of support for youth returning to the community after placement.

5. Is the program capable of being replicated across multiple locations? Yes No

Goals should reflect high, yet realistic, expectations for the programs.
