Commissioner

July 7, 2021

Dear Chief Executive Officer,

Thank you for submitting Cattaraugus County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2020-2021. Your entire STSJP plan, including any amounts listed for PY 2020-2021 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2021, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2020 to September 30, 2021. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE:

Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section A. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Cooperative Application (Complete this section only if this is a joint application.)

1. Describe the provisions for the proportionate cost to be borne by each county.
 2. Describe how personnel will be compensated across and between counties in the cooperative:
 3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes (If yes, please provide their contact details below.)
 No (If no, skip to Q4.)
- | | |
|-----------------|----------------------------------|
| Officer's Name: | Title: |
| Phone: () | Ext: Email: |
4. Describe who will be responsible for collecting and submitting STSJP data for joint-funded programs:

B. Municipality Level Analysis

1. (a) Identify communities or neighborhoods from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; then (b) Discuss what factors may be contributing to these high numbers:

The highest number of youth, inclusive of all categories, reside in one of two school districts, Olean City School District and the Pioneer School District. The Olean City District include the city of Olean which is the largest city within the county with the largest population. This does not include the youth who are tuition based and/or bused from

another district for specific programming. The Pioneer School District encompasses the townships of Yorkshire, Delevan, and other smaller hamlets and villages.

The primary impacting factor is the population of these districts as compared to the smaller districts within the county. Cattaraugus County is rural with many school districts serving a much smaller number of students. Cattaraugus County has a high rate of poverty; all students in the county, regardless of family income, qualify for the free breakfast/lunch program. This is due to the percentage of families living at, just above, or below the poverty level. In tandem with the high incidence of poverty, there are very few resources available to students and families, especially in the more rural areas, exclusive of difficulties associated with transportation and the large geographic area of the county.

2. (a) Compare the racial/ethnic distributions among your local system's detention and/or residential placements with the racial/ethnic distributions in your municipality's general population; then (b) Discuss any racial/ethnic disparities you identified and how this plan will address the disparities:

The municipality's general population is primarily Caucasian, with smaller and equal distributions of Native American and African American individuals, and a smaller percentage of Hispanic and Asian populations. The distribution among the local system detention and/or residential population closely resembles that of the general population, with the majority of the youth served identified as Caucasian, and a small minority of youth identified as Native American and/or African American. As such, there appear to be no significant disparities between the racial/ethnic general population distribution and the distribution among the local system detention and/or residential placement population.

C. Local Collaboration

1. STSJP legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed via consistent collaboration with the departments of probation, youth bureau, service providers and schools.

4. Describe the program, including how it is family focused. If you answered “yes” to Q1 (FSS), be sure to demonstrate how your program meets the definition. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them.

Multisystemic Therapy is an evidenced based service designed to divert at risk youth with severe behaviors at home, school, and/or community from out of home placements. MST strives to promote behavior change within the youths natural environment, using the strengths of each system (e.g. family, school, peers, etc) to facilitate change. By providing the delivery of services in the natural ecology, and the rigorous, monitored implementation of MST combine to produce the postive change within the family environment. Youth will be served at the early intervention domain to prevent further entry into the juvenile justice system.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality’s STSJP data files.)

1. What funding did this program receive in PY 2019-2020?

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total
	P	EI	ATD/ATPDP				ATP	R/A	
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	0	0	0	0	0	0	12	0	12
STSJP-RTA	0	0			0	0		0	
Total	0	0	0	0	0	0	12	0	12

3. Based on the program’s record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:

I anticipate that MST will be under its budgeted capacity as on 9/30/2020. I feel this is mainly due to Covid-19 as referrals became very slow and many other services were shut down for a period of time.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)		
STSJP	0.00	0.00	0.00	0.00	0.00	0.00	135.00	0.00
STSJP-RTA	0.00	0.00			0.00	0.00		0.00

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.

Its common for families working with MST to be open an average of 90 to 150 days.

6. Will this program's outcomes meet the PY 2019-2020 projected goals by 9/30/2020?

Yes (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2019-2020? (b) How will they be met?

100% of families completed treatment, 83.33% were still living in their home, 100% were still in school, and 100% had no new arrests during treatment. 83.33% of families reported having necessary parenting skills to handle future problems, improved family relations, improved network of supports, and felt negative behaviors were sustained. We look to target these outcomes at each session by teaching the caregivers the tools to decrease negative behavior by utilizing the families' current strengths, building natural supports, and decreasing the role of formal supports to improve overall family functioning.

8. (a) What outcomes are not on track to meet the goals set for PY 2019-2020? (b) Please describe any contributing barriers.

Only 83.33% of youth were still living at home vs 100%. This was due to youth going to live with other family members due to Covid-19 or because parent felt it was overall best for youth to reside elsewhere with proper visiting despite decreased behavior. MST also was open with two families who they had to close with as the family wouldn't comply with sharing proper information needed to open with the county service.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2020-2021?

MST plans to problem solve these barriers by having supervisor screen accordingly before opening to assess families engagement in wanting change to occur and if engagement is low working with other services to get the family to engage. MST also didn't meet contract goal of 35 cases. This was due to many slow referrals at the beginning of the year as well as limited staff to take cases. MST plans to look at hiring if cases due increase for the future.

D. Program 1 Service Projections for PY 2020-2021
