SHEILA J. POOLE
Commissioner

March 9, 2021

Dear Chief Executive Officer,

Thank you for submitting Nassau County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2020-2021. Your entire STSJP plan, including any amounts listed for PY 2020-2021 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2021, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2020 to September 30, 2021. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE:

Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section A. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Cooperative Application (Complete this section only if this is a joint application.)

1. Describe the provisions for the proportionate cost to be borne by each county.
 2. Describe how personnel will be compensated across and between counties in the cooperative:
 3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes (If yes, please provide their contact details below.)
 No (If no, skip to Q4.)
- | | |
|-----------------|----------------------------------|
| Officer's Name: | Title: |
| Phone: () | Ext: Email: |
4. Describe who will be responsible for collecting and submitting STSJP data for joint-funded programs:

B. Municipality Level Analysis

1. (a) Identify communities or neighborhoods from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; then (b) Discuss what factors may be contributing to these high numbers:

From the period of 1/1/20 - 6/30/20, 212 youth (JDs) were arrested in Nassau County, which does not include youth part. In the Youth Part there were 91 AOs and 6 JOs for a total of 97 arrests. Out of those 97 arrests 83 were

removed and sent to Family Court. Below is a list of JD offenders by zip code, we will be adding Zip code to our Youth part spreadsheet in 2021. Data reflects that the five highest communities of JD arrests are minority communities.

Hempstead, 11550 - 41

Elmont, 11003 - 12

Roosevelt, 11575 - 11

Freeport, 11520 - 10

Uniondale. 11553 - 10

Garden City Park, 11040 - 8

Glen Cove, 11542 - 7

There were 18 zip codes with 2 - 5 offenders and 45 zip codes with 1 offender.

Contributing factors are poverty, poor education, crowded housing, homelessness, substance abuse, poor parenting, and lack of social activities.

2. (a) Compare the racial/ethnic distributions among your local system's detention and/or residential placements with the racial/ethnic distributions in your municipality's general population; then (b) Discuss any racial/ethnic disparities you identified and how this plan will address the disparities:

Nassau County is a suburban population of 1.3 million residents in which the ethnic population is 59% white, 13% black, 15% hispanic, 11% Asian, and 2% other. The ethnic breakdown of the JDs arrested is 94 black, 62 white, 44 hispanic, 7 asian, and 5 other.

Blacks make up 13% of the population and 45% JDs arrests and 40% of AO/JOs arrests.

Whites are 59% of the population and 29% of JDs arrests and 25% of AO/JOs arrests.

Hispanics are 15% of the population and 21% of JDs arrests and 32% of AO/JOs arrests.

Asians are 11% of the population and 3 % of JDs arrests and 3% of AO/JOs arrests.

2% of the population is Other.

The ethnic breakdown of the AOs/JOs arrested is 34 Black, 21 White, 31 Hispanic, and 3 Asian

The plan addresses the diparities by offering programs for youth which prevents detention and placement and keeps youth out of the JDC and with their families. All programs are designed to achieve better outcomes by addressing the contributing problems that brought the Youth into the Criminal Justice system.

C. Local Collaboration

1. STSJP legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Nassau/Suffolk Youth Justice team meets quarterly with all stakeholders to discuss regional goals and plans to achieve better outcomes. FCA programs were discontinued due to delay in state grant notifications. We are investigating new programs to implement. Due to Covid-19 all meetings are virtual at this time.

B. Program 1 Description and Target Population

1. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2020-2021. Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2020-2021:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Alternative to Placement (ATP)
<input type="checkbox"/>	<input type="checkbox"/>	Reentry / Aftercare (R / A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

3. Please list the zip codes this program will target:
All Nassau County Zip Codes

4. Describe the program, including how it is family focused. If you answered “yes” to Q1 (FSS), be sure to demonstrate how your program meets the definition. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them.

When a youth is arrested and brought to the precinct, police must decide whether to release to the the parent on an FCAT (Family Court Appearance Ticket) or to lodge the youth at the Juvenile Detention Center (JDC). Reasons for lodging a youth normally include inability to locate a parent, parent refused to pick up child at precinct, arrest charges are domestic in nature, youth is a runaway risk, or youth is a risk for future criminal activity.

Prior to the initiation of the FCAT OT STP grant in 2012, these youth were immediately filed as Juvenile Delinquency cases and seen by a Judge in Family Court. In 2012, the FCAT OT grant was initiated which places specially trained PO’s on call 5pm to 12 am weekdays and 9am to 12am on weekends to respond to the JDC upon notification that a youth has been arrested. The youth is held in a separate location at the JDC (apart from the youth currently detained in the JDC) until assessed by a PO who will determine if a youth can be returned home or an alternate location can be found i.e. a runaway/homeless youth shelter, relatives home etc. The youth is then released on an FCAT by the Probation Department with the plan to divert the case from formal court action if appropriate.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality’s STSJP data files.)

1. What funding did this program receive in PY 2019-2020?
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type						ATP	R/A	Total
	P	EI	ATD/ATPDP						
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP				20				20	
STSJP-RTA					9			9	
Total				20	9			29	

3. Based on the program’s record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:

We were under budget which may have been affected by the reduction in the crime rate for juveniles this quarter.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type							ATP	R/A
	P	EI	ATD/ATPDP						
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP				1.00					
STSJP-RTA					1				

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.

The LOS days were not surprising as youth were seen after hours at the Juvenile Detention Center and in 35% of the cases the youth was released to a parent on an FCAT and provided with services at the diversion level. The remainder of the youth were referred to Court

6. Will this program's outcomes meet the PY 2019-2020 projected goals by 9/30/2020?

Yes (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2019-2020? (b) How will they be met?

In 2019, 36 out of 96 youth were released from the Juvenile Detention Center and able to receive more favorable services.

8. (a) What outcomes are not on track to meet the goals set for PY 2019-2020? (b) Please describe any contributing barriers.

Program outcomes were mostly met but we can achieve more diversion by conquering our two biggest obstacles which are the unavailability of adults to release youth to and victims requesting formal court action.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2020-2021?

Probation is working with parents to assist them in getting to the Detention Center to pick up their child with the assistance of the Department of Social Services. As of December 2019, Probation does not have to rely solely on the request of the victim for court intervention and can now take it into consideration but still decide to pursue diversion services.

D. Program 1 Service Projections for PY 2020-2021

If you selected Indirect Services, please list them.
The program reduces the amount of juveniles who may be detained as a result of an arrest by allowing the presiding judges the option of utilizing electronic monitoring (EM) in lieu of being detained in the JDC. EM allows youth to go home with their family, attend school, and do other pro-family activities approved by the court.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 2 Performance History (Refer to your municipality's STSJP data files.)

1. What funding did this program receive in PY 2019-2020?

Total				21	49			70	

3. Based on the program's record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:
Probation was far over the anticipated 30 youth budgeted for the program. Most of the AO offenders in Youth Part were transferred down to Family Court and placed on EM increasing our numbers and tripling them.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.

The average LOS appears much shorter that what is actually being experienced by Probation. Judges are maintaining youth on EM for several months at a time in the pre-admission stage.

6. Will this program's outcomes meet the PY 2019-2020 projected goals by 9/30/2020?

Interactive journaling is a goal-directed, youth centered model that aims to assist youth in the criminal justice system through a process of applying written self-reflections into their lives to achieve responsible living. This program is a CBI (Cognitive Behavioral Intervention) and is consider a best practice to engage youth and reflect on their decision making and story of why they entered the Criminal Justice system. It will serve non-RTA and RTA youth as an alternative to detention.

Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them.

The program through FCA has been discontinued and an RFP is pending to continue the program. Family Mediation and Strengthening Families had been offered through FCA to increase communication and set boundaries. Home visits and office visits were provided to youth and their families to assess functioning and provide referral to appropriate community resources. Pro-social activities had been offered to keep youth busy and offer new recreational opportunities, substituted by virtual visits due to COVID-19. This program will serve RTA and non-RTA youth during adjustment, the pendency of their court case as alternative to detention/pre-dispositional placement, or post-dispositionally as an alternative to placement .

5. Is the program capable of being replicated across multiple locations? Yes No
