Governor

SHEILA J. POOLE
Commissioner

December 8, 2020

Dear Chief Executive Officer,

Thank you for submitting Ontario County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2020-2021. Your entire STSJP plan, including any amounts listed for PY 2020-2021 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2021, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsip@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2020 to September 30, 2021. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsip@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsip@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section A. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Cooperative Application (Complete this section only if this is a joint application.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

- Yes (If yes, please provide their contact details below.)
 No (If no, skip to Q4.)

Officer's Name:

Title:

Phone: ()

Ext:

Email:

4. Describe who will be responsible for collecting and submitting STSJP data for joint-funded programs:

B. Municipality Level Analysis

1. (a) Identify communities or neighborhoods from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; then (b) Discuss what factors may be contributing to these high numbers:

Ontario County has two cities, two largely suburban areas and the remainder mostly rural. The City of Geneva has a significant black and hispanic population. The towns of Farmington and Phelps have a significant hispanic population. Canandaigua accounted for 31% of all PINS referrals in 2019, while Geneva accounted for 22%. For JD's,

Canandaigua accounted for 24% while Geneva only accounted for 6%. The rural areas accounted for 21% of the JD intakes. According to OCFS records, in 2018, Ontario County had a significantly higher PINS petition filing, detention, and placement rate when compared to the rest of the state. We also saw an increase in juvenile delinquent admissions to detention from 2018 to 2019 of 30%. This was the opposite of a previous trend of decreasing admissions. Many of the youth live in volatile situations and/or suffer from mental health issues. These youth would be better served by family mediation or appropriate mentoring.

2. (a) Compare the racial/ethnic distributions among your local system's detention and/or residential placements with the racial/ethnic distributions in your municipality's general population; then (b) Discuss any racial/ethnic disparities you identified and how this plan will address the disparities:

According to the US Census, Ontario County is 89.5% white, 2.8% black and 5.1% hispanic. Asian and Native American make up the rest of the population.

The PINS petition rate was 0.92 per 1000, which was an increase of 24% over 2017. Of those petitions filed, 14% were black, 19% white and 67% listed as unknown. Detention admissions for PINS increased 150% in 2018 to 0.87 per 1000. Females accounted for 85% of those sent to detention. Blacks accounted for 15%, whites 65%, and hispanics 20%. Ontario County did see a 28% decrease in length of stay in 2018. Changes in the PINS laws eliminated the ability to send PINS to detention, making alternatives much more important.

Juvenile delinquency for 2019 were no better. Blacks accounted for 19% of detention admission, hispanics 38% and whites only 42%.

The plan is intended to address the needs of the highest risk. Many of the higher risk reside in areas with a higher minority population including, but not limited to, Canandaigua, Geneva, Phelps and Farmington. Though in JD intakes, the rural areas are significant contributors.

The YAP and Family mediation programs have proven themselves while respite will allow for a safe, temporary placement while the situation at home cools. Enhanced electronic monitoring allows for youth to remain out of detention while providing the authorities and families to better track the youth. Family mediation will help resolve issues between parents and youth, reducing the need for out-of-home placements.

C. Local Collaboration

1. STSJP legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Ontario County historically works collaboratively within county departments and with outside agency service providers. Probation meets monthly with DSS for pre-placement. Officers also participate in SPOA. Probation participates in a joint meeting of stakeholders every three weeks which includes county administration, DSS, County Attorney, mental health and local non-profit services agencies. The Sheriff, Public Defender and District Attorney also participate. The focus from that group was to lower our use of detention. Glove House and YAP have worked with DSS for many years with success. We have also used those programs for RTA youth. The Center for Dispute Settlement has worked with our adult population for years and will be a natural fit for providing mediation between youth and their families.

Provide for enhanced electronic monitoring of JD youth <16 at risk of detention or PINS pre-placement. Allows the respondent, either PINS or JD's, to remain in the family or a relatives home in lieu of detention. The program maintains the ability for the department to refer to local service agencies to provide services to the youth and their families. Enhanced monitoring provides point uploading every minute and immediate violation notification to the assigned probation officer for a more effective location and behavior control, reducing the risk for runaway or committing new offenses that would place them in detention or PINS pre-placement.

The Parent/Child Mediation Program is a mediation service which offers an alternative approach to solving problems that develop between parents and their children, to prevent further penetration of PINS and JD's into the juvenile justice program. This program gives family members an opportunity to sit down with a trained neutral mediator and work towards a mutually agreeable solution.

Program Goals:

To give parents and children a resource for resolving disputes, such as:

Respect among family members

- Household responsibilities
- Establishing and following family rules and curfews
- Feelings of not being listened or treated fairly
- Smoking, drug, and alcohol use
- School attendance and homework
