

Report Identification Number: SY-22-033

Prepared by: New York State Office of Children & Family Services

Issue Date: Dec 12, 2022

This report, prepared pursuant to section 20(5) of the Social Services Law (SSL), concerns:

- A report made to the New York Statewide Central Register of Child Abuse and Maltreatment (SCR) involving the death of a child.
- The death of a child for whom child protective services has an open case.
- The death of a child whose care and custody or custody and guardianship has been transferred to an authorized agency.
- The death of a child for whom the local department of social services has an open preventive service case.

The Office of Children and Family Services (OCFS) is mandated by section 20 of the SSL to investigate or cause for the investigation of the cause and circumstances surrounding the death, review such investigation, and prepare and issue a fatality report in regard to the categories of deaths noted above involving a child, except where a local or regional fatality review team issues a report, as authorized by law.

Such report must include: the cause of death; the identification of child protective or other services provided or actions taken regard to such child and child’s family; any extraordinary or pertinent information concerning the circumstances of the child’s death; whether the child or the child’s family received assistance, care or services from the social services district prior to the child’s death; any action or further investigation undertaken by OCFS or the social services district since the child’s death; and as appropriate, recommendations for local or state administrative or policy changes.

This report contains no information that would identify the deceased child, his or her siblings, the parent, parents, or other persons legally responsible for the child, and any members of the deceased child’s household.

By statute, this report will be forwarded to the social services district, chief county executive officer, chairperson of the local legislative body of the county where the child died and the social services district that had legal custody of the child, if different. Notice of the issuance of this report will be sent to the Speaker of the Assembly and the Temporary President of the Senate of the State of New York.

This report may **only** be disclosed to the public by OCFS pursuant to section 20(5) of the SSL. **It may be released by OCFS only after OCFS has determined that such disclosure is not contrary to the best interests of the deceased child’s siblings or other children in the household.**

OCFS’ review included an examination of actions taken by individual caseworkers and supervisors within the social services district and agencies under contract with the social services district. The observations and recommendations contained in this report reflect OCFS’ assessment and the performance of these agencies.

Case Information

Report Type: Child Deceased
Age: 1 year(s)

Jurisdiction: Herkimer
Gender: Female

Date of Death: 06/27/2022
Initial Date OCFS Notified: 06/27/2022

Presenting Information

Herkimer County Department of Social Services (HCDSS) received an SCR report on 6/27/2022 which alleged on the same date, the mother (SM) failed to adequately supervise the 1-year-old child (SC) while she was outside. The mother made several trips inside the home from the car while the child played on a small playset near the porch. When finished, the mother checked to ensure the child was still on the playset, then moved the car from where it was parked. The mother slowly pulled forward in the car and did not realize the child had walked in front of the vehicle. The mother struck the child with the vehicle, causing the child to sustain massive head trauma. A call was made to 911 by a bystander and EMS arrived and transported the child to the hospital, where she was pronounced dead at 11:14 AM. The father was not home at the time of the incident and had an unknown role.

Executive Summary

This report concerns the death of a 1-year-old child which occurred while in the care of her mother on 6/27/2022. HCDSS received the SCR report and coordinated their response with law enforcement. HCDSS was informed by law enforcement the fatal incident was captured on a camera outside of the home and video of the incident was viewed and saved. The recording shows the mother clearly checked for the child and ensured the child was located at the playset, away from the driveway. The mother then entered the vehicle and slowly pulled forward, striking the child who she did not see move in front of the vehicle.

HCDSS interviewed the mother and father in the home. The mother confirmed the details of the fatal incident as reported to HCDSS by law enforcement. Services were offered and declined by the mother and the father. HCDSS provided information for support groups despite the parents declining formal services.

The medical examiner identified the manner of death as an accident and stated the cause of death was from massive head trauma. Law enforcement believed there to have been no criminality in the child's death and did not pursue criminal charges against the mother.

The allegations of DOA/Fatality, Inadequate Guardianship, Internal Injuries, and Lack of Supervision against the mother regarding the 1-year-old child were substantiated and the investigation was closed. HCDSS determined that although the incident was an accident, the mother failed to provide a minimum degree of care as the 1-year-old child could not be relied upon to act predictably or be aware of her own safety. The mother did not place the child back in the car, secure her in the home, or ask the landscapers working in the yard to supervise the child while she moved the car.

LDSS Response

HCDSS received the SCR report and coordinated their response with LE. LE informed HCDSS the incident was recorded by a camera outside of the home and the recording had been obtained. LE informed HCDSS it was clear the SM confirmed multiple times the SC was at the playset, away from the driveway. The SM then entered the vehicle and slowly pulled forward. The SM did not see the SC leave the playset and go in front of the vehicle. The SM struck the SC with the front driver's side tire, causing massive head trauma. In addition to the camera recording the incident, landscapers working on the property witnessed the accident, confirmed the events of the recording, and attempted to assist immediately after the incident.

HCDSS met with the SM and the BF in the home. The SM stated she was bringing groceries from the car into the home and made multiple trips. The SM confirmed the fatal incident occurred as reported to HCDSS by LE and was visibly distressed while recalling the events. Services were offered and declined by the SM and the BF. HCDSS provided information for support groups and informed the parents they could ask for services in the future if they changed their minds.

HCDSS interviewed the ME. The ME stated the SC suffered multiple injuries, including severe head trauma. The ME identified the cause of death as massive head trauma, and the manner of death was an accident. LE stated there was no criminality in the death of the child.

The allegations of DOA/Fatality, LS, II, and IG against the SM regarding the SC were substantiated. HCDSS determined the SM failed to provide an adequate level of supervision of the SC, leading to the accident in which the SC died, and the investigation was closed.
